

# NEW LOOK SAME FEEL

## Same Power, New Look & Feel.

We're excited to announce a brand new user interface for the Click Boarding platform! While most the features and functionality you rely on will remain the same, we've given the platform a visual makeover with updated colors, icons, and illustrations.

## Ready to Experience the New Click Boarding?

- You don't need to do anything to start using the new interface - it will automatically update for you.
- **One window, all workflows.** No more jumping between different windows or domains for employee experiences.
- We're confident you'll love the new look and feel of Click Boarding!
